**Aim:** learning about PBS by doing it!

Aim:

Knowing: key elements of PBS

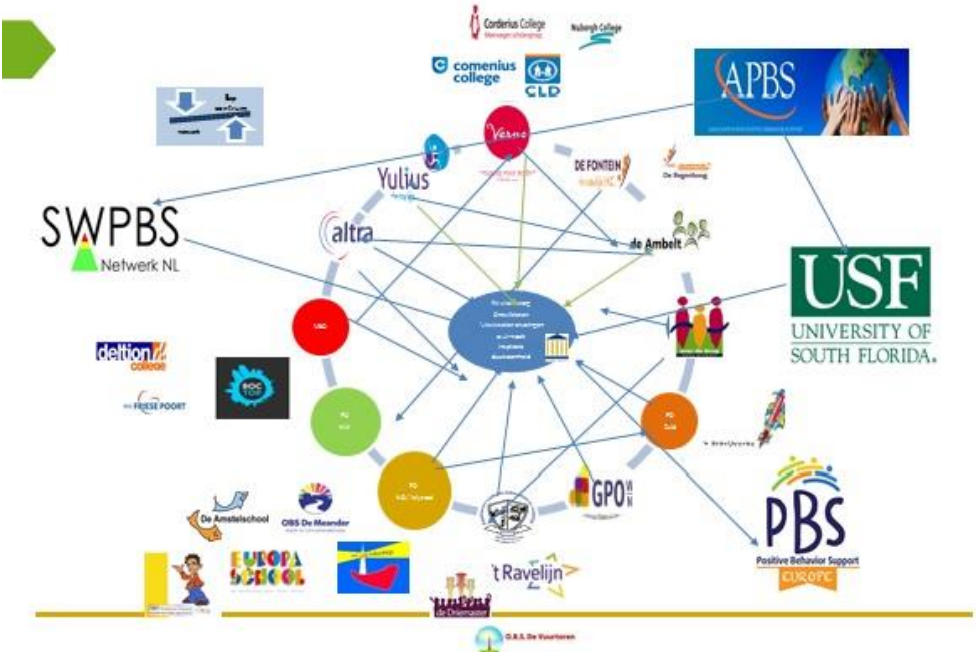

Understanding: why is this really important?

How to use in an easy way?

## **Challenging Educational Situation**

Students show other behavior then what is expected

Examples: noisy/ shouting/ bad words/ litter on the ground

What about your situation??

# Why?

We cannot 'make' students learn or behave.

We can only create **environments** that **increase** the likelihood that students will learn and behave.

Environments that are guided by a **core curriculum** and implemented with **consistency** and **fidelity**.

(Lewis, 2010)

3: Teacher

5: Building

4: Amount of students

2: Director

Teachers want to be....positive!

# RESEARCH SAYS: Punishment doesn't work!

Why is punishment so deeply rooted in our society?

We ALL know....students will NOT learn in this way..

# Exercise!

## School Wide Positive Behavior Support

**What do you see right now:**

So why do we still  
tell others 'NOT'/  
NO!!!

?????

May be....  
**‘Normal’**

Danger!

**NO!!!**

I see you....

Do you call my name  
... if all is 'normal' or..  
.... In case I'm naughty ?

# Where is the solution?

More repression, back to the old days?

Creating a positive, predictable and safe school climate?

A lot of work

# Schoolwide Positive Behaviour Support

Aim: a safe and positive environment for all to support development for all

Adressing behavior and learning challenges schoolwide and based on shared values

Emphasis on prevention via a multi tiered system of support

**Positive approach:** teaching and acknowledging

Data driven decision making

Partnership with parents and cooperating with stakeholders

Schoolwide approach based on shared values  
Mission statement, legislation
