

How to identify a child at risk?

Signs in behaviour

Physical signs

What to do?

Imminent threat to child's life .

- ✓ Make sure the child is safe.
- ✓ Contact the Police.
- ✓ Contact the Agency for Social and Legal Protection of Children.

Chronic threat to child's development:

- > offer your support,
- > if the child agrees, talk to the child in the safe environment,
- > provide the child with contact details for the Child Safety Line,
- > consult with the school counsellor about the child's situation,
- > consult further action with an organisation helping children,
- > organise a case meeting.
